Job offer

You will be in charge of communicating about the Tree-Nation project to a wide international audience with the help of social networks. Your work will allow the community to expand and increase membership.

Among other areas, the job will involve:

- communication within the website and through other social networks.
- developing social and environmental campaigns to federate members
- analysis and implementation of new areas of interest for the site, while improving existing ones.
- working hand in hand with the IT team to improve our platform

Requirements

- As a passionate about Social Networks and communication, you love networking with new people and share your ideas.
- You have a leader attitude and know how to convince.
- Dynamic and savvy user with good knowledge and use of social networks, especially Facebook, Twitter and Flickr.
- Excellent communication skills
- Previous marketing experiences within your professional career
- Excellent English, French (optional) and Spanish (optional)
- You need to be active, responsible and self-organized.
- A good knowledge/experience with SEO & Site analysis is welcome.

Also, your environmental values are important to us.

Salary: Intern compensation + Bonus upon achievements. Conditions to be discussed.

Position type: Intern, 6 months minimum.

Work Location: Barcelona
